

INDEPENDENT CURRICULUM GROUP

EDUCATOR EXPERT PROGRAM

Information below valid through 30 June 2017

PROGRAM DETAILS

Under the terms of the ICG Educator Expert Program contract, schools contact the ICG to request a consulting service match from the ICG EEP database to help them with a particular challenge or issue. If the ICG is able to suggest a possible match, we will put the contacting school in direct contact with the possible Educator Expert.

If a match is arranged and a consulting service is offered, the school contracts directly with the Educator Expert for services, paying the ICG only a fixed agent's fee for arranging the match.

PROGRAM RATES

The Independent Curriculum Group recommends the following consulting rates for Educator Experts:

RATES ON-CAMPUS CONSULTING

Each Educator Expert is to be paid \$700 for the first day of service; subsequent days at \$600. Half days is to be paid at a rate of 60% of the full-day rate. For example, a 1.5 contract would pay at \$700 (first day) plus \$360 (half of second day). This rate includes preparation and materials but not photocopying or participant materials for on-campus workshops, etc.—e.g., markers, flipcharts.

All travel and housing expenses for on-campus consulting will be paid by the contracting school.

RATES FOR ONLINE OR TELECOMMUNICATION CONSULTING

If a consulting program includes contacts made through online services such as Skype or GoToMeeting (exclusive of exploratory contacts and discussions), each participating Educator Expert would be paid \$200 per hour for active (that is, working online) services rendered; the minimum billing period is one-half hour. This rate includes preparation and materials. The online service of the consultation will be arranged for and provided by the school; in some cases the Independent Curriculum Group may be able to provide services by special arrangement through our GoToMeeting account.

ICG FEE

The ICG fee for arranging Educator Expert services is \$200 **per person per arrangement**, regardless of the number of days or hours involved. Contracting schools will be invoiced by the Independent Curriculum Group at the time the arrangement between the school and the Educator Expert(s) is finalized.

DISCLAIMER

The Independent Curriculum Group makes no warranty or guarantee for the quality or efficacy of Educator Expert Program consultancies or for the outcome of such consultancies. As Educator Experts are neither employees nor contractors of the The Independent Curriculum Group, the Independent Curriculum Group assumes no liability for Educator Experts or contracting schools in the event of accident, mishap, unprofessional action, or any other eventuality in the conducting of ICG-arranged Educator Expert consultancies, including travel to and from such consultancies.
